Toronto, ON – March 30, 2020

**OUTtvGO** introduces its brand-new and highly-anticipated sex comedy *Avocado Toast the series* following the story of two millennial friends, *Molly* and *Elle*, who are forced to learn about their parents' new sexcapades after coming out and a divorce. The show is set to make its worldwide premiere **May 18<sup>th</sup>, 2020** on **OUTtv**'s digital platform **OUTtvGO** (Canada) and **Amazon Prime** (USA/International).

After a lifetime of dating men, 31-year-old teacher *Molly* (**Heidi Lynch**), surprises herself when she falls in love with a woman for the first time. When she finds the courage to come out as bisexual to her suburban parents, they empathetically reveal their own admission - they're swingers and throw sex parties. When *Molly* gets dumped, she reluctantly heeds dating advice from her sexually blossoming parents and clumsily embarks onto the bisexual dating scene while navigating her broken heart.

Meanwhile, 33-year old creative director *Elle* (**Perrie Voss**), is reeling after learning her parents are divorcing and her mother, who also happens to be her boss, had an affair with a dude young enough to be Elle's brother. To avoid the wrenching pain of her exploded family unit, *Elle* wages revenge in an eye-for-an-eye corporate takeover against her mother.

As life as they knew it crumbles away and their love lives, and careers become precarious, it's their codependent friendship that takes all the heat. Finally, when the pressure cooker blows, they are shocked to realize that the nuts haven't fallen so far from the tree.

*"We are so excited to finally share **Avocado Toast the series** with the rest of the world. This is the show I desperately needed at a time in my life when I didn't see bisexual representation anywhere."* says **Heidi Lynch**. *"I had never seen a bisexual coming out story. My parents are some of my best friends, but I still got so caught up in the fact that coming out to them would be hard. In the end they were extremely accepting. I wanted to create representation for how coming out as bi was confusing and challenging and also representation for accepting, modern, baby boomer parents."*

*"**Avocado Toast the series** takes assumptions and flips them on their head. Who our protagonists think they are, and they think they know is challenged at every turn in this series. I think we've created something that will open dialogue between generations, communities, and female friendships."* says **Perrie Voss**. *"It's hilarious, heartbreaking and*

*relatable. Yes, it's a comedy, but there's a lot of heart and truth within it. I have always been amazed at how tears and laughter can be so closely related in times of grief, growth and change. This is that show!"*

**Avocado Toast the series** was created by screenwriters and stars **Heidi Lynch** and **Perrie Voss** and directed by **Sam Coyle** (*Hazy Little Thing*, *Darkside*, *The Definites*). The principal cast features **Faye Marsay** (*Game of Thrones*), **Kristian Bruun** (*Orphan Black*), **Nelu Handa** (*Workin' Moms*), **Scott Cavalheiro** (*Good Witch*) and **Mag Ruffman** (*Alias Grace*).

The 10 x 15-minute sex comedy series is produced by **Charlie David**, **Heidi Lynch** and **Perrie Voss**. Executive producers are **Jefferson Mappin** along with **Brad Danks** and **Philip Webb** from **OUTtvGO**. **Avocado Toast the series** is funded with the participation of the **Independent Production Fund (IPF)**, the **Bell Fund** and **Ontario Creates IDM Production Fund**.
